Dear Sir:

I am enclosing, herewith, a cheque for Seventy-four Dollars (\$74.00) to pay for the following medals which we are keeping in the lot which you sent over for our exhibition of modern medallic art:

|                     |         |
|---------------------|---------|
| Czarystus .....     | \$18.00 |
| Eros i Psycha ..... | 8.00    |
| Faun i Nymfa .....  | 8.00    |
| Glowa Starca .....  | 17.00   |

All of the above are by Professor Jan Wysocki. And the equivalent in dollars of 183.93 zloti.

Our Bank thinks it best to pay the whole bill in dollars.

As I wrote you some time ago, our Council would not permit my paying you for the trip to Warsaw and the trip to Krakow. I wrote this to you many months ago, and was holding this bill until I heard further from you, but received no word. This accounts for our delay in payment.

I am this day sending through our shipping agent, Kronfeld, Saunders & Co., the medals and plaster casts. These are passing through the hands of their agent at Hamburg, and I trust you will receive them all in due course. Again, the delay in returning these was on account of my desiring further information from you with regard to value, etc.

In conclusion, we wish to express our gratitude in having this exhibit of Polish medals so long in our Museum. They have been very much admired. Unfortunately, the American public does not buy medals to the extent that they should, which will account for so few being sold.

Very truly yours,

Enc.
